\* Because this new date is so close to the 3 year anniversary of our official inauguration, we will be holding elections for both SCF Management Committee officers (elected for a 3 year term) and ordinary members (elected for a 1 year term) at this AGM, rather than having to hold another AGM less than 2 months later. All committee positions are therefore up for election. All current Management Committee members are eligible to stand for re-election at the end of their term and some will be standing down so we will have vacancies to fill. We welcome anyone who has an interest in standing for the Committee and the time to commit to helping us undertake SCF's activities to contact us ([secretary@southamptoncommonforum.org](mailto:secretary@southamptoncommonforum.org)). We especially welcome people with business, marketing and communications skills to help build our overall skill set.

We thank Southampton University Student's Union for providing us with the meeting venue.
