

Volunteer projects 2018

#2 – Ornamental Lake fishing swims

Project Aim: to rebuild and improve the fishing platforms and gravel path along the western edge of the Ornamental Lake.

Rationale: to make the lake side more attractive and useable.

Timing: ideally in the Close Season (15 March to 15 June) to minimise disruption to anglers - this project may not be possible in 2018, depending on Council resources / finances to pay for the necessary materials.
